Dear Editor,

For years my pro-life work has hit a stone wall when calling Christian pastors, elders, couples, etc. to humble themselves in the face of the sexual revolution and to repent and stop working to reject new life. And then to raise their children up in the fear and admonition of the Lord. A long-deceased Harris, IA farmer, member of the Christian Reformed Church, and father of eleven children warned me 35 years ago of the consequences of selfish Christians deciding to limit their family size beyond any limits God placed on them. He was so right.

I have been ostracized from the establishment pro-life movement for years for asserting that selfish birth control within Christian marriage had similar motives to abortion – I.e. Don't bother me with another child.

Millions of Christians, nationwide, took the bait from the sexual revolutionaries and their propagandist friends and chose to seriously limit their fertility. This is “monstrous” as Martin Luther once called it. See Gen. 38:1-10, Psalm 102:18-28, et al. The Psalm text is most disturbing as so many in the Church are working to deny God praise from the “yet to be created”. Men like Billy Graham in the early 1960's endorsed marital birth control, while preaching a fearful end-time madness. Graham's unbiblical eschatology provided a powerful incentive to reject children! (In fact Graham's Christ-denying lawyer advised him not to get involved in the 'pro-life' issue at all. He followed this advice.) Chosen barrenness (or near barrenness) within marriage laid the foundation for homosexual “marriage” where the sodomite's wicked sex acts are intrinsically barren. They just followed the wicked barren trail blazed by Christians. Such observations are usually met with derision, if not open hostility in the Christian community.

Look at the typical obituary from a NW Iowa resident these days. When a 90 yr. grandmother passes away we will often see she had many siblings (8, 9 or 10 sometimes). Then we see where her and her husband had only 4.5 (average) children and then 9 or 10 (for example) grand-children from her 4.5 (average) children. This often-found rough average of two grand-children per couple is too common in the third generation. We can't go from 9 children per couple to 2 per couple, without serious demographic harm. When marital union focuses on personal selfish pleasure compared to the selflessness required in rearing children, the use of birth control then contributes to divorce. “He or she is not meeting my [selfish] needs!” Such hearts become cold to Christ.

I understand that our tax code, cultural propaganda, government school policies, and banker's incessant push to bury families & communities in debt all provide real pressure on limiting families. But far too often they are convenient excuses to justify marital selfishness. And these other issues can and should be resisted, if not openly fought against by the Christian leaders. Such selfish parents are often the first to put their unmarried daughters on birth-control - announcing to the world and their peers that she is 'easy'. This indirectly corrupts their sons, too. Using their sexual power girls soon become 'leaders' and boys are emasculated.

Though we are mostly blind to this our chosen infertility is being acutely noticed by our spiritual enemies.

The London Daily Mail (9/18/2015) reports on a speech Sheikh Muhammad Aayed gave recently at Al-Aqsa Mosque in Jerusalem where he said, "Throughout Europe, all the hearts are enthused with hatred toward Muslims. They wish that we were dead, but they have lost their fertility, so they look for fertility in our midst. We will give them fertility. We will breed children with them, because we shall conquer their countries." The Sheikh also claimed Europe was only welcoming refugees as a new source of labor and that Europe was facing a demographic disaster and urged Muslims to have children with westerners so they could 'trample them underfoot, Allah willing'. He stated that Americans, Italians, Germans and the French will be forced to take refugees. " He concluded that under the Koran such emigration to these Western lands is meritorious.

God has given the lost Muslims eyes to see that which we've been selfishly blinded to. They understand Proverbs 14:28 better than we do. It says, "In a multitude of people is a king's honor, but in the lack of people is the downfall of a prince." ....or today, the downfall of entire once-Christian continents. We are so hardened in our sexual rebellion and fear/hatred of our own offspring that we'd rather bomb other nations who reveal our selfishness to us, by their welcoming lots of children. Catholic writer E. Michael Jones has coined such rebellion 'proliphobia'.

For years even the most conservative Reformed pastors (usually proud in their false pietism and cowardice, but powerful sophists' none-the-less) have told me that the Old Testament moral law applied to Israel and doesn't necessarily apply to America today. They couldn't be more wrong. Read Deut. 28 (OT) and see how the God in Heaven, whom many in this region claim to serve, is about to use the "aliens in the gates" to subjugate us. My heart is heavy and may God drive His people to their knees in humility and sorrow. We so need it.

Sincerely,
